👤 Personal Summary

Have a good and practical knowledge of HTML5, CSS3, JavaScript, React, Redux, Typescript, Bootstrap 5, PHP, PhpMyAdmin, OutSystems, Docker, PostgreSQL, MySQL, Node.js, MongoDB, Design sprints and Agile Software Development.

Before graduating from Boolean UK in January 2022, I worked as a substitute teacher (cover supervisor) across schools in the west midlands. My desire to merge science with a programming language to create an interactive online classroom prompted my career change into IT as a software developer.

Possess a positive mental attitude, organised and self-motivated, and always willing to learn new skills. A very good and reliable team player and can easily adapt to any situation.

⬧ Education & Qualifications

- Full stack Software Development at Boolean UK – 2022

- IGCSE English - 2019

- MSc Renewable Energy and Resource Management at University of South Wales – 2015

- BEng Mechanical Engineering at University of agriculture Makurdi, Nigeria – 2013

🎒 Programming Skills

Front end – HTML5, CSS3, React, Typescript (Ts), JavaScript (Js), C#, PHP

Back end – JavaScript (Js), Typescript (Ts), Node

Database – PostgreSQL, MySQL, Prisma Schema (ORM)

DevOps – OutSystems Reactive

Others – Bootstrap5, Docker, Git, GitHub

🧗 Project Experience

Perfect Match Dating Site

- Using React for the front end, Node with typescript for the back end, PostgreSQL and Prisma schema for the database. I was able to create a dating site that uses JWT to secure the registration and signing of users to the web application.
- For more details, please visit my [GitHub repo](#)

Community Project - Christ Church Birmingham

- Used a blank template provided by the [Hubb](#) to finish the building of a church website that can be viewed across all platforms with responsiveness.
- To view the finished work, please click the link [CCB](#)

Wordle Duplicate

- Used React to build an online word game which is similar to wordle.
- For more details, visit the finished work here [Wordle Duplicate](#)

💼 Employment History
